

Healthcare Identifiers Service

Application to link or unlink a Contracted Service Provider to or from a Healthcare organisation record

Important Information

Complete this form to link a Contracted Service Provider (CSP) organisation to a Healthcare Organisation record. You may also unlink a CSP organisation from a Healthcare Organisation record.

The applicant completing this form must be the Responsible Officer (RO) authorised to represent the Healthcare Organisation that the CSP organisation will be operating on behalf of.

Healthcare Organisation records

The Seed Organisation is the principal legal entity that is registered with the Healthcare Identifiers (HI) Service.

A Network Organisation is an organisation subordinate to the Seed Organisation. Network Organisations can be used to represent different departments, sections or divisions within an organisation.

A Healthcare Organisation(s) may, under contract with a CSP, allow a CSP to act on their behalf in dealings with the HI Service.

Contracted Service Provider organisations

A CSP organisation is an entity that provides information technology services relating to the communication of health information, or provides health information management services under a contract with the Healthcare Organisation

The CSP organisation is a legal entity that is registered with the HI Service by the CSP officer.

A CSP organisation must have one and up to a maximum of three CSP officers linked.

Creating a link

Establishing a link creates an association between the Healthcare Organisation record and the CSP organisation. This allows the CSP organisation to perform information technology services relating to the communication of health information on behalf of the Healthcare Organisation

The applicant to request this link must be a RO already registered in the HI Service, who is permitted to represent the Healthcare Organisation that the CSP organisation will be operating on behalf of. The RO may request a link to a CSP organisation for the Seed Organisation they represent or any Network Organisations beneath them in the organisation hierarchy.

Assistance

For more information about the HI Service go to www.medicareaustralia.gov.au. If you need assistance completing this form email healthcareidentifiers@humanservices.gov.au or call **1300 361 457** (call charges will apply).
